## Presidents Corner..

Dear Northlanders,

I attended the National ACA conference in Austin, Texas last week. It was an awesome conference with many speakers that were incredible. I wanted to share with you things that I thought you would like or need to know too. Here is Chet's Top Ten List from Austin: 10) Along with washing tables after the meals, it is highly effective to use bleach water on the tables 20 minutes before the meal to kill germs. 9) Designing a policy for you staff's social internet use (e.g. facebook.com, my space.com) is complicated but necessary. Chris A. Thurber, PhD, ABPP has a hand out that I can share with you that can help your organization develop a policy. 8) The American Red Cross has a new Lifeguard Management Manual with CD ROM that would be very good for the person at your camp, such as the camp director who supervised the lifeguards to attend. 7) Smiling produces "happy" chemicals to the brain! Those are the scientific terms for it! J 6) Another way to help summer staff feel like they fit in at camp right away is to send them a copy of the camp song book before they come to camp. 5) Healthy Learning Bookstore has a terrific new book, "It's Off to Camp Charlie Brown - A collection of strips featuring the Peanuts gang's adventures in the great outdoors" by Minnesota's own Charles M. Schulz. 4) Texas's barbecues are delicious and BIG. 3) Standard PD-23 bullet point #4 is suspended. More updates to standards can be found on at [www.acacamps.org](http://www.acacamps.org) under the accreditation program. 2) ACA has developed a new DVD that we can use to help parents pick a camp as well promoting special needs camps. Maria Schugel, our Executive Director has copy for our section. 1) The Yellow Rose of Texas herself, Ann Sheets, attended our section meeting during the National Conference. The Northland Board of Directors had recently send a letter to Ann and the National Board asking them to re-evaluate how Peg Smith, the ACA Executive Director uses her time and skill set in promoting the ACA. The Northland Board of Director's feel strongly that Peg sends a powerful message when she speaks about the value of camping and would like to see Peg spend more time on public awareness. We asked Ann and the National Board to look see how Peg can become more visible nationally. Ann assured us that our message was heard and will be considered.

Respectfully,

Laurie "Chet" Tschetter, ACA Northland President

## Standards, Standards, and more Standards

### **Editorial Changes & Additional Interpretations**

The NSC and staff have considered the many questions that have been posed regarding interpretations to and implications of the new standards. They have posted interpretations and editorial changes at <http://www.acacamps.org/accreditation/interpretations.pdf>. Immediately, you may download and write corrections in your Accreditation Process Guide (APG). In the fall, Healthy Learning will reprint all of the pages with changes, and you will have the option to purchase those changed pages if you choose.

### **Purchase Your Standard Organizer**

The new Standards Organizer is for sale through the bookstore at <http://www.acabookstore.org> or by phoning 888-229-5745

### **Your Standard Committee at Work**

Many questions have been proposed regarding the interpretations of the Standards and we are fortunate to have Jeff Beltz who served on the NSC for 8 years to assist us. Even though he is not on the commission, he is in communication with them. We are attempting to work on interpretations that are of concern to our section and will keep you posted as to what we hear.
