Introduction (ROZ) – 5 Minutes

- Lots of things we can control in the camps we run
- Weather is not one of them
- Can control how we respond to bad weather
- Have Pre-Set plans for activities to do on rainy days
- Some depend on indoor space available
- All shared today can be easily organized in most indoor spaces
- Variety of types
- Ideally want to vary the kinds of activities offered to keep it fun and exciting for campers
- Key: Plan ahead so we can be pro-active instead of re-active!
- Going to learn by playing
- Play shorter than would on a rainy day
- Goal is to give you ideas
- Organized into 4 Categories:
 - Table Games
 - Physical in Confined Space
 - No or Low Movement/No Tables
 - Highly Active/Open Space
- Go back and forth between more and less physical
- Some are easy and no prop, others require more supplies and materials
- Again, do a mix that works for you
- Let's Play!
