Pioneers of Camping Club

Special Recognition for Service to the Camp Profession

Who We Are

The Pioneers of Camping Club was founded in 1985 by Marvin and Annette Black in honor of Marvin's father, Edwin "Hughie" Black. In 1931, Hughie Black started Pine Forest Camp in Pennsylvania.

The club offers special recognition for current ACA members with at least thirty years of professional camp experience. Camps in operation for at least thirty years and affiliated with ACA are also eligible for recognition.

Since it was founded, the tradition continues to grow and thrive. Membership now includes over 150 individuals and nearly 200 camps.

Each year at ACA's national conference, Pioneers join together at a special event where new members are presented with a Pioneers of Camping plaque, symbolizing their commitment to the camp industry. All Pioneers are listed in the July/August issue of *Camping Magazine* each year.

Pioneers recognition is also given in memoriam to camp directors who are nominated by thoughtful family, friends, and colleagues.

What We Do

Pioneers are asked to record and document their accomplishments, programs, and contributions to the camp profession in order to preserve our heritage and offer a valuable historic perspective to others in the field.

Through the club's Pioneer Partners project, members also have the opportunity to assist and encourage young camp professionals by offering their knowledge and experience in the camp field.

The Past Preserves the Future JOIN NOW

Please share your time, energy, and enthusiasm with our young camp professionals. Use this application to join Pioneers of Camping — AND to state your areas of interest.

Share your wisdom with others and encourage other Pioneers to do the same.

The Pioneers of Camping provide a legacy for others to follow — a legacy of knowledge that helps promote and preserve the camp experience for the next generation and generations to come.

Each individual or camp is to make a \$175 contribution to the Pioneers of Camping Club. This program is directed by the ACA National Board of Directors to be self-funding.
