INDEPENDENT AUDITOR'S REPORT

The Board of Directors American Camping Association, Inc. d/b/a American Camp Association and American Camping Foundation, Inc. Martinsville, Indiana

Report on Financial Statements

We have audited the accompanying consolidated financial statements of American Camping Association, Inc. d/b/a American Camp Association and American Camping Foundation, Inc., which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of American Camping Association, Inc. d/b/a American Camp Association and American Camping Foundation, Inc. as of June 30, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules of financial position, consolidating schedules of activities, and consolidating schedules of functional expenses are presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, activities, and functional expenses of the individual organizations, and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTE 1 - NATURE OF OPERATIONS

The American Camping Association, Inc. d/b/a American Camp Association (Association) was incorporated as a not-for-profit organization in September 1960 under the laws of the State of Indiana. The Association is a community of camp professionals who, for over 100 years, have joined together to share their knowledge and experience and to ensure the quality of camp and youth development programs. The Association is committed to unparalleled quality learning experiences and to helping its members, camps and the public. The Association's main sources of revenue are membership dues and camp fees, conference and education revenue and grants and contributions.

The American Camping Foundation, Inc. (Foundation) was incorporated as a not-for-profit organization in June 1990 under the laws of the State of Indiana. The Foundation was organized to raise funds for support of the Association and currently administers an endowment whose income is used solely for the Association's benefit. The directors of the Foundation also serve in an advisory capacity to the Association in all financial areas. The Foundation's main source of revenue is investment income and grants and contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Basis of Presentation</u>: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), which requires, among other things, that the financial statements report the changes in and total of each of the net asset classes, based upon donor restrictions, as applicable.

<u>Management's Estimates</u>: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Principles of Consolidation</u>: The consolidated financial statements include the accounts of the American Camping Association, Inc. d/b/a American Camp Association (Association), and American Camping Foundation, Inc. (together referred to as the "Organization"). All material interorganizational accounts and transactions have been eliminated in the consolidation.

<u>Income Taxes</u>: The Association and Foundation are not-for-profit corporations, exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code and have been classified as organizations that are not private foundations under Section 509(a) of the Internal Revenue Code.

Current accounting standards require the Association and Foundation to disclose the amount of potential benefit or obligation to be realized as a result of an examination performed by a taxing authority. For the years ended June 30, 2021 and 2020, management has determined that the Association and Foundation do not have any tax positions that result in any uncertainties regarding the possible impact on the Association and Foundation's financial statements. The Association and Foundation do not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. The Association and Foundation and Fo

<u>Cash and Cash Equivalents</u>: Cash and cash equivalents consist of bank deposits in accounts that are federally insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000, per institution. Cash and cash equivalents maintained as part of investment portfolio are reported as investments. Additionally, for purposes of the consolidated statements of cash flows, the Organization considers all highly liquid investments of operating cash purchased with an original maturity of three months or less to be cash equivalents. The Organization maintained cash balances in excess of FDIC insured limits at June 30, 2021 and 2020.

<u>Accounts Receivable and Credit Policies</u>: Accounts receivable are stated at the amount billed to members. The Association provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information and existing economic conditions. Accounts receivable are ordinarily due 30 days after the issuance of the invoice. Accounts over 60 days are considered delinquent and anything over 90 days is sent to a third-party collection agency. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the member. Interest is not charged on past due accounts.

<u>Pledges Receivable</u>: Pledges receivable represent the remaining balance of unconditional promises to give that have not yet been paid. Pledges that are expected to be collected within one year or less are recorded at net realizable value. Pledges that are expected to be collected beyond one year are recorded at the present value of their estimated future cash flows. The pledges have been discounted using a risk-weighted interest rate applicable during the time the pledge was made. Amortization of the pledge discounts are recognized as contribution revenue each year until the pledge is paid in full. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

<u>Investments</u>: Investments are stated at fair value. The fair values of investments are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments. Investment income includes interest and dividends, net of fees. Net realized gains (losses) on sales of investments and net unrealized gains (losses) on investments are also included in the consolidated statements of activities after change in net assets from operations.

<u>Property and Equipment</u>: Expenditures for property and equipment and items which substantially increase the useful lives of the existing assets are capitalized at cost. The Association's capitalization policy is to capitalize assets with costs in excess of \$1,000. The Association provides for depreciation on the straight-line method at rates designed to depreciate the costs of assets over estimated useful lives as follows:

V - - ---

	Years
Building and improvements	5-50
Furniture and equipment	5-10
Computer equipment	3-7

Depreciation and amortization expense were \$87,206 and \$144,539 for the years ended June 30, 2021 and 2020, respectively.

<u>Impairment of Long-Lived Assets</u>: In accordance with GAAP, the Association reviews its property and equipment for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. No impairment loss has been recognized during the years ended June 30, 2021 and 2020.

<u>Grant Advance Liability</u>: As a result of the economic uncertainty stemming from the impact of the COVID-19 pandemic, the Organization received a Paycheck Protection Program (PPP) Loan in April 2020, in the principal amount of \$778,200 from the United States Small Business Administration (SBA). Under the terms of the program, the PPP loan provided for conditional forgiveness if the Organization utilized the loan proceeds on admissible expenses, including qualifying payroll, rent, and utility expenses, and maintained employment and compensation levels over the covered period.

The Organization is accounting for the PPP Loan as a conditional contribution. Loan proceeds are initially recorded as a grant advance liability on the statement of financial position and subsequently recognized as contribution revenue when the Organization has substantially met all conditions for forgiveness. The Organization substantially met all conditions of the PPP loan during the year and received formal forgiveness of the loan by the lender on January 22, 2021. The entire balance of the loan has been reported as grant advance liability as of June 30, 2020 and grants and contributions revenue in the statement of activities for the year ended June 30, 2021.

<u>Unearned Income</u>: Income from membership dues and camp fees is collected annually for services performed throughout the year. Unearned income represents payments receive for memberships purchased for which the membership term remains in effect as of June 30. The following table represents balances of deferred revenue as of June 30:

	<u>2021</u>		<u>2020</u>
Membership dues and camp fees Camping magazine Event Other	\$ 1,911,217 1,960 21,737 <u>334,830</u>	\$	1,993,596 1,975 100,505 -
	\$ 2,269,744	<u>\$</u> 2	2,096,076

The following table represents activities for deferred revenue for the year ended June 30, 2021:

Deferred revenue - beginning balance	\$ 2,096,076
Deferred revenue recognized during the year	(2,096,076)
Cash received in advance of performance obligations being met	2,269,744
	<u>\$ 2,269,744</u>

<u>Revenue Recognition</u>: The Organization recognizes revenue either as performance obligations are materially satisfied, contracts expire or are invalidated, and/or as applicable policy terms warrant. Membership and dues and camp fees revenues are recognized on a straight-line basis throughout the membership year. Camping Magazine subscription revenue is recognized per issue. Pre-conference exhibit sales are recognized in the fiscal year the event occurs. The Organization does not present information about outstanding performance obligations as of year-end because its contracts with members all had original terms of one year or less.

<u>Contributions</u>: Gifts of cash and other assets received without donor stipulations are reported as without donor restrictions revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as with donor restrictions revenue and net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Contributions for which the restrictions are met in the same period in which the contribution is received are recorded as net assets with donor restrictions and a release of restriction.

Gifts of land, buildings, equipment and other long-lived assets are reported as unrestricted revenue and net assets unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as donor restricted revenue and net assets. Absent explicit donor stipulations temporarily restricted net assets are reported as unrestricted net assets when the long-lived assets are placed in service.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are reported at the present value of estimated future cash flows. The resulting is amortized using the level-yield method and is reported as contribution revenue. Conditional gifts depend on the occurrence of a specified further and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met, and the gift becomes unconditional.

<u>Net Assets</u>: The consolidated financial statements have been prepared in accordance with GAAP, which requires that the financial statements report the changes in and total of each of the net asset classes, based upon donor restrictions. Net assets are classified as without donor restrictions or with donor restrictions. The Organization maintains the following classifications of net assets:

<u>Without Donor Restrictions</u>: These include revenue and expenses from regular operations of the Organization which may be used at the discretion of management and Board of Directors to support the Organization's purposes and operations. In April 2021, the Association created the Public Policy fund to assist with the expenses associated with lobbying for new public policies.

<u>With Donor Restrictions</u>: These include donations and grant revenues used to meet expenses with restrictions specified by the donors or grantors. Net assets with donor restrictions that must be kept in perpetuity include assets of the Organization in the form of an endowment for which the donor has stipulated that the contribution be maintained in perpetuity. Donor imposed restrictions limiting the use of the assets or its economic benefit neither expire with the passage of time nor can be removed by satisfying a specific purpose.

<u>Fair Value of Financial Instruments</u>: Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the Organization's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The carrying value of the Organization's financial instruments, which includes cash and cash equivalents, investments, contributions receivable, accounts receivable, accounts payable and accrued expenses, and liabilities under split interest agreements approximate fair value.

<u>Expense Allocation</u>: Expenses have been classified as program services or supporting services based on the actual direct expenditures and cost allocations based upon actual time and expense studies.

<u>Advertising</u>: The Organization incurred \$6,211 and \$12,976 in advertising expense which is included in the expenses in the statement of activities in the years ended June 30, 2021 and 2020, respectively. These costs were expensed as incurred.

<u>Recent Events</u>: In December 2019, a novel strain of coronavirus surfaced and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. As a result of the coronavirus the Association saw decreases to membership dues and camp fees and conference and education revenue. The operations and business results of the Organization could continue to be materially affected by this global pandemic. The extent to which the coronavirus may impact future membership and other business activity will continue to depend on future developments, which are highly uncertain and cannot be predicted, including new information which will continue to emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

<u>Subsequent Events</u>: Management has performed an analysis of the activities and transactions subsequent to June 30, 2021, to determine the need for any adjustments or disclosures to the financial statements for the year ended June 30, 2021. Management has performed their analysis through September 17, 2021, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE OF INVESTMENTS

GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair value of mutual funds is based on quoted prices in the active investment markets. (Level 1 inputs).

NOTE 3 - FAIR VALUE OF INVESTMENTS (Continued)

NOTE 5 - SPLIT INTEREST AGREEMENTS

The Foundation is the recipient of contributions to three split interest agreements.

- A charitable remainder unitrust was established in 1992 with original value of approximately \$175,000 and a 5% payout. Two-thirds of the remainder will revert to the Foundation and one-third to another charity. The Foundation is the trustee of this trust.
- A charitable remainder unitrust with an original value of approximately \$40,000 and a 5% payout was created in 1998. All remaining assets revert to the Foundation. The Foundation is the trustee of this trust.
- A gift annuity of \$25,000 was purchased in 1996. It has a 6.5% payout.

The fair value of assets held in trust at June 30, 2021 and 2020 were \$239,893 and \$189,411, respectively, and are included in investments on the statement of financial position.

The liability under split interest agreements is based on the present value of the estimated future payments and is calculated using a discount rate of 7.06% and applicable mortality tables. At June 30, 2021 and 2020, the associated liabilities were \$117,729 and \$94,740, respectively.

NOTE 6 - LINE OF CREDIT

The Association has a \$500,000 line of credit due and payable on demand through March 31, 2022. At June 30, 2021 and 2020, there was no outstanding balance and there were no draws on the line of credit during either of the fiscal years. The line is collateralized by substantially all of the Association's assets. Interest varies with the one-month LIBOR plus 2.5%. The interest rate was 2.60% on June 30, 2021, and interest is payable monthly.

NOTE 10 - ENDOWMENT FUND

The Foundation's endowment consists of board designated net assets and with donor restrictions contributions to be kept in perpetuity that were made to provide a source of future income for the Foundation. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law: The Board of Directors has interpreted the State of Indiana Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the historical dollar value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions to be kept in perpetuity (1) the original value of gifts donated to the permanent endowment, (2) the original value of subsequent gifts to the permanent endowment, and (3) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at time the accumulation is added to the fund.

The remaining portion of the donor restricted endowment fund that is not classified in net assets with donor restrictions to be kept in perpetuity is classified as net assets with donor restrictions of a temporary nature until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA.

NOTE 10 - ENDOWMENT FUND (Continued)

In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of the Foundation and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Foundation

<u>Return Objectives and Risk Parameters</u>: The Foundation has adopted investment policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity.

<u>Strategies Employed for Achieving Objectives</u>: To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified assets allocation that includes equity-based and fixed income investments to achieve its long-term return objectives with prudent risk constraints.

<u>Spending Policy and how the Investment Objectives Relate to Spending Policy</u>: The Foundation has a policy of appropriating for expenditure, up to the five-year rolling income average of endowment funds, less the last completed fiscal year's actual operating expense paid from the endowment, grants, and cost of living set aside. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

<u>Funds with Deficiencies</u>: From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or SPMIFA requires the Association to retain as a fund of perpetual duration. Deficiencies of this nature that are in excess of related donor-restricted amounts are reported in net assets without donor restrictions. At June 30, 2021 and 2020, the amount by which funds with underwater were \$0.

NOTE 11 - LEASES

The Association entered into an operating lease for office equipment that expired June 2020. In July 2020, the Association entered into a new lease for office equipment that expires in 2024. Rental expense for the leases included in the statements of activities was \$6,102 and \$6,394 for the years ended June 30, 2021 and 2020, respectively. Future minimum lease payments on this lease are as follows:

The Association also leases the land upon which the national administrative headquarters is located. This lease expires March 31, 2036 and is renewable upon the written agreement of both parties. In lieu of cash rent paid to the lessor, the Association pays the annual costs of maintenance and upkeep for the leased premises.

NOTE 12 - RETIREMENT PLAN

The Association has a defined-contribution retirement plan. Contributions to the plan are made for all employees, 21 years of age or older, with at least three months of service. The Association is required to make contributions equal to eight percent of the employee's annual salary when the employee contribution is equal to at least five percent. For the years ended June 30, 2021 and 2020, the retirement plan contribution totaled \$199,931 and \$203,813, respectively.

NOTE 13 - RELATED PARTIES

The American Camping Association, Inc. is a national association with three Affiliates. Because each Affiliate is a legal entity with its own separate Board of Directors and the Association has no majority voting interest, their activities are reported separately and are not included in these financial statements. All membership dues and camp fees are collected by the Association. The distribution to Affiliates includes an allocated share of membership dues and camp fees.

NOTE 14 - COMMITMENTS

In October 2016, the Association entered into a contract with the University of Utah to perform an impact study to determine the benefits of camp. The process will follow a group of selected campers for five years to obtain results. The Association will make cost reimbursement payments, not to exceed \$100,000 a year for the five years of the contract. The Association has one year and \$50,000 left of the contract. The contract specifies that the Association is able to terminate the contract at any point during the five-year period.

NOTE 15 - LIQUIDITY AND AVAILABILITY

The Association's financial assets available within one year of the statement of financial position date for general expenditure are as follows:

•	<u>2021</u>	<u>2020</u>

As part of the Association liquidity management, the Association invests its financial assets to be available as its general expenditures, liabilities, and other obligations come due. To help manage unanticipated liquidity needs, the Association has a committed line of credit in the amount of \$500,000 which it could draw upon. The use of this line of credit is generally restricted to the extent that the Association is in need of liquidity to fund program-related obligations. As of June 30, 2021 and 2020, \$2,314,921 and \$1,999,281, respectively of the Association and Foundation's investments have been designated by the board for specific purposes. Although the Association and Foundation do not intend to spend from the board-designated funds (other than for the purposes designated), these amounts could be made available if necessary. Included within this amount, the Association has an unrestricted operating reserve account of \$259,608 and \$258,291 as of June 30, 2021 and 2020, respectively that was set up to help cover the costs associated with the land that the Association leases.
